*Cholera Condition in Luzon is  
Alarming—No Damage to  
the Hancock.*

THE NEW ASSOCIATED PRESS—P.M. MANILA, April 13.—(Exclusive Dispatch.) A court-martial on the charge of killing natives of the island of Samar without trial, has been acquitted. The court stood eleven to two for acquittal.

**CHOLERA IN LUZON.**  
CONDITIONS ARE ALARMING.  
THE NEW ASSOCIATED PRESS—P.M. MANILA, April 13.—The cholera situation in Manila continues much the same, but the conditions in the provinces are becoming alarming. The total of cholera cases in Manila up to date is 245, while there have been 132 deaths from the disease. In the provinces there have been 418 cases and 318 deaths.

The United States army transport Grant, while on her way to Samar Island, put into Legaspi in Southern Luzon, having on board a teamster who had the cholera. The Grant asked for assistance, but was placed in quarantine for five days. As her supplies of water, food and coal were limited, she decided to return to Manila. The teamster died of the disease.

Four Americans have been attacked with cholera in Manila, and one of them died.

**HANCOCK NOT DAMAGED.**

THE NEW ASSOCIATED PRESS—P.M. MANILA, April 13.—The United States transport Hancock, which was previously reported around near Iba, Northern Luzon, has arrived here without sustained damage. She struck on a coral reef and had to be lighted before she could be floated. She was on the reef for thirty hours.

**MERCHANTS AFRAID.**

ASK TROOPS TO REMAIN.  
THE NEW ASSOCIATED PRESS—P.M. MANILA, April 13.—The merchants of Laguna in South Camarines province, Luzon, have sent a cable message to Gen. Chaffee, praying that American troops be not withdrawn from Laguna. The merchants declare they are unanimously of the opinion that if they are deprived of the protection of the military they will become victims of the lawless element at the cost of their lives and property. They said that if the American troops leave the town the enemy would reduce the food supply of the inhabitants and retard the advance of the soldiers coming to their rescue, and that such action would lead to irreparable damage to the province.

Further declare that local police are insufficient to guarantee order. This is proved, they say, by the fact that detachments of American troops have withdrawn from the neighboring towns and that the local police have been unable to suppress the assaults, robberies, assassinations and forced contributions by armed and recalcitrant element in the neighborhood.

**MISSION TO ROME.**

NO WISE DIPLOMATIC.

THE NEW ASSOCIATED PRESS—P.M. WASHINGTON, April 13.—In administration circles in Washington there has been some amusement over the talk about a so-called mission to Rome. The facts are that Gov. Taft has impressed very strongly upon the President and Secretary of War that the question of getting rid of the friars was of vital consequence to peace in the Philippines, and that to accomplish this it was necessary to deal directly with the heads of the corporation involved. Rome. After much consideration it was decided that Gov. Taft should stop at Rome on the way back to the Philippines to consult with the church authorities and see if it would not be possible to come to some agreement on behalf of the Philippine government. There would be nothing of any kind or character in the way of diplomatic relations. It would be purely a business transaction. The United States government is neither favorable nor hostile to any particular sect. It desires to treat all alike with exact justice. It does not wish to do injustice to friars by taking away their lands without compensation. On the other hand it recognizes that although the Christian Filipinos are practically all Roman Catholics, they are nevertheless a unit in demanding that the friars leave the islands. Gov. Taft, better than any other man, could explain this state of things at Rome. It is believed if any honorable and satisfactory arrangement can be reached, the result will be most beneficial to the islands and that probably no other man could do as much good.

**JOURNEY TO THE TOMBS.**

ANCIENT CEREMONY RESUMED.

PEKING, April 13.—(Exclusive Dispatch.) Extensive preparations have been made for the court's journey, commencing tonight, to the eastern tombs. Movable food shops and stalls have been removed, and stationary lanterns hoisted at either side of the way to the east gate of the Tartar City. The usual special yellow roadway flanked by way of Tanchow and Banchow, over a distance of sixty miles, has been laid.

This annual ceremony has been omitted for the past two years on account of the troubles in the country. All other traditional ceremonies have now been resumed, including spring plowing on the land of the Temple of Agriculture. This was done on Thursday.

Two thousand troops will accompany the court in its progress. Already on the north of the route, there are 10,000 troops, and on the south 20,000.

## PITH OF NEWS FROM THE MIDDLE WEST.

**CHICAGO, April 13.**—(Exclusive Dispatch.) A bright, neutralized chill of the northeast wind and made today almost an ideal one for the bicyclist and automobilist, hundreds of whom improved the opportunity to try the boulevards, and near-by country roads. The minimum temperature was 36. At 8 o'clock tonight the wind had shifted to the southeast, pushing the mercury up to 46. Western Nebraska reports a snowstorm, which continued most of the day, the snow melting as fast as it fell.

**ABSDUR REPORT.**  
A report printed here this morning that Spencer F. Eddy, secretary of the American legation at Constantinople, is engaged to a Princess close to the throne of Russia, is declared to be absurd by the parents of Mr. Eddy.

**WANTS TO GET EVEN.**  
A feature of Evanston's Aldermanic election Tuesday is the candidacy of A. L. Mitchell, a negro, who used to drive a garbage cart, but lost his job and wants to become an Alderman in order to get even with some of the men who caused his discharge.

**ELOPED AND MARRIED.**  
BY DIRECT WIRE TO THE TIMES.  
ST. JOSEPH (Mo.) April 13.—(Exclusive Dispatch.) Miss Clara A. Wells, only daughter of A. W. Wells, a wealthy manufacturer of this city, and Dr. Harrison J. Trask of Buffalo, who eloped from Chicago Friday, went to Cassopolis, Mich., where they were married. The young woman was a student at the Chicago Art Institute.

BY THE NEW ASSOCIATED PRESS—P.M. WASHINGTON, April 13.—In accordance with the agreement reached on Friday last, the Senate on Wednesday will vote on the Philippine Exclusion Bill, and the present understanding is that the Philippine Government Bill will be taken up immediately afterward.

It is probable, however, that the Philippine bill will be soon broken in on by the calling up of the Rivers and Harbors Bill. Being an appropriation bill, it is a privileged measure, and can be taken up at any time. It is not the desire of the committee to have it considered until there shall have been a chance afforded to make further amendments in the committee. That opportunity will not be provided until Thursday, following the vote on the Chinese bill.

The opponents of the Chinese bill will press their fight from this time forward, and if they find that they cannot secure its recommitment, they will concentrate their efforts on proposed amendments. Especial effort will be made to secure the adoption of the "Hays" bill. There will be a number of speeches on the Monday and Tuesday, and in addition to these Senators Parker and McLaughlin of South Carolina have given notice of speeches for Monday. A portion of the Saturday will be devoted to eulogies of the late Senator Kyle of South Dakota.

**HOUSE FORECAST.**  
The leaders of the House expect to see the Cuban Reciprocity Bill passed by the end of the present week, but they admit that the debate may be prolonged so that the final vote will not be reached until next week. Proceeding as the debate is, without a President's veto, the bill practically as long as anybody desires to speak. The leaders believe the general debate will exhaust itself by Thursday, at the latest. Mr. Dillard will close the general debate in favor of the bill.

When the measure is brought open under the five-minute rule, a great number of amendments will be offered in advance that all such amendments will be held to be not germane to the bill, whose title provides for reciprocity with Cuba and the only amendment raising or lowering the amount of the proposed concession will be held to be in order. Amendments will be taken from the rulings of the chair on the general tariff amendments, but it is certain that any amendment excepted. That exception may be the amendment to take the differential refined sugar. It is admitted on both sides of the chamber that the real fight will come on that amendment. A number of Republicans, who are opposing the bill, have announced that they will vote to override the chair on that proposition, and the Democrats expect to be able to cast a solid vote for the amendment. The weakness of the position of the friends of this proposition is that the test will not come directly on the amendment, but on the ruling of the chair. If a motion to recommit with instructions to report back such an amendment is made, it will be held not to be in order, under the general theory of parliamentary law that the House cannot instruct the committee to do what itself cannot do.

The Republican opposition to the bill, as shown last Tuesday, on the motion to go into committee on the whole, is in the neighborhood of forty. Added to the Democratic vote, if solidly cast, the opposition would have

**SWEDISH SOCIALISTS.**

STOCKHOLM (Sweden) April 13.—At a meeting of the congress of Swedish Socialists held here today, it was resolved to hold a strike every Sunday in all Swedish towns and villages to agitate a general strike for the purpose of obtaining universal suffrage by bringing pressure to bear upon Parliament. After the report of the Parliamentary Committee on Suffrage is published, the strike will be held daily, and the strike will begin when Parliament begins debate on the question.

Dr. Goodspeed accepted a call tendered by this congregation, but later reconsidered the matter.

**OLD FOLKS' CELEBRATION.**  
BY DIRECT WIRE TO THE TIMES.  
TOLEDO (O.) April 13.—(Exclusive Dispatch.) Gen. Goshorn Jones, one of the oldest residents of Toledo, O., yesterday celebrated his nineteenth birthday. He entertained five friends whom he has known from childhood, and with whom, during a lifetime, his relations have been of the kindest and most intimate. The guests were Jeremiah Gleason, aged 107; James Martin, aged 96; Edna Murphy, aged 94; Nancy Runyan Jennings, aged 92; and William Mitchell, aged 91. Gleason resides several miles from the city, and walked to town to be present at the celebration.

A clear majority of ten. But the Republican leaders profess confidence in their belief that the Democrats a majority of the House. Moreover, they assert that some of the Democrats themselves will hesitate to adopt this method of getting a vote on a proposition which they contend is plainly not germane. If the danger involved in the amendment to abolish the differential is passed, the bill will have plain sailing, on its final passage, as a majority of the Democrats will vote for it.

James J. McLaughlin, Post Office Inspector, James J. Ward, Superintendent of Streets and Highways, James J. McGuire and Tax and License Collector W. A. White will not be candidates again for their present positions. Some of them are anxious to be re-elected. The Republican nomination for Mayor is the Court-house. Treasurer W. H. Workman wants the Democratic nomination for Mayor. Will A. White want the Republican nomination for Sheriff? The Republican nomination for County Assessor is Hugh McGuire declares that he has had enough of office holding, and Capt.

Charles H. Hance feels that he has been honored sufficiently. Capt. Hance has served as City Clerk for six years. Samuel M. Haskins, chief deputy in the office, will be a candidate for the gubernatorial nomination. City Auditor Unger will run again, and so, too, will City Attorney Mathews.

Of the nine members of the present City Council, six probably will seek reelection. W. H. Pierce wants to be returned from the First Ward, and he has already announced his candidacy. George P. McLain will retire from the race in the Second Ward and make an attempt to be placed on the Republican county ticket for Sheriff. Frank Walker

will go to Europe next year and will have an open field in the Third Ward. President P. W. Powers is not fully decided whether he will make a race in the Fourth Ward. Powers' brother, Mayoralt, is being buzzing in his bonnet, and if there is any chance to advance notch, he probably will make an effort to do so. In the event he decides to become a candidate for Mayor, Theodore Summerland will make the race for Councilman in the Fourth Ward. Summerland represented the Eighth Ward in the Council some years ago, and was formerly County Assessor. E. J. Giffen, a member of the present school board, will measure vote-get-

He qualifies With Summerland.  
In the Fifth Ward Councilman W. M. Bowen probably will be a candidate again. In the Sixth Ward, Councilman Allen may again make the race, although it is thought he is now a Democrat. He had the Republican ticket if he can muster votes to land the prize. John L. Foley, a member of the present school board, and George D. Persell, the water overseer, want the Democratic nomination in that ward. In the Seventh Ward Ben S. Lauder will ask for the Republican nomination a third time. He has no opponents to date, but the tall timber and the cacti down the Seventh will be full of 'em before long.

In the days of the primaries. In the eighth Ward Robert A. Todd will make a race again, and he has been heard to boastfully remark that he can't be beaten either in his own party or by an opposition. In the Ninth Ward E. C. Blanchard, after eight years of service, will retire from the Council. Henry H. Sanborn, at present employed in the health department, is said to be backed by the "push" for the Republican nomination.

It is probable that every member of the present City Council who will seek reelection, with the possible exception of Bowen and Powers, will have opposition.

WOMEN'S CLUBS.  
Mrs. Burdette on "Color Line."

The following communication, clipped  
from the Kansas City Journal, has a  
local interest as well as a Kansas  
sting:

FROM MRS. BURDETTE.  
I find in a reporter's interview in the  
Journal this morning the following  
paragraph:

How Mrs. Burdette feels on the color  
question herself is a matter which  
she will not discuss before the meet-  
ing next May. It is known, however,  
that she considers that the admission  
of the negro woman to the white wom-  
an's clubs is a matter of evolution,  
and she believes that if the Los Angeles  
meeting does not result in the unit-  
ing of the two races it will be merely  
because the race is not ripe for such  
a movement, and that it is sure to  
come sooner or later.

If that "knows" it would be vast  
enlightenment to Mrs. Burdette to be  
informed who "knows" it, beside the  
omniscient reporter. Certainly Mrs.  
Burdette does not know it. What I  
said to the reporter, was that as a  
representative of the hostess State  
which was to entertain all sections I  
did not care to discuss the color ques-  
tion, but that "Reorganization,"  
which is a term all club women un-  
derstand in its peculiar significance to  
them, was a matter of evolution and  
that is a question that was originally  
entirely apart from the problem of the  
admission of colored women. Rudyard  
Kipling, that strenuous "man's post,"  
says that simple hysteria may exist  
in the barracks of veteran soldiers,  
a condition as frenzied and uncontrol-  
lable as in a girl's boarding school. And  
it would appear that even the stimu-  
lating well-poised and cool-headed news-  
paper men are beginning to be in-  
fected with the idea that the subject  
of the coming biennial of the Gen-  
eral Federation of Women's Clubs at  
Los Angeles is to discuss the prob-  
lem of the admission of the colored  
clubs. Let us calm ourselves, and re-  
member that the general federation  
has other reasons and more vital rea-  
sons for being and meeting than the  
discussion of the color line, which is  
not "the" or even "a first great cause,"  
but only an incident.

You will pardon me for the trespass  
upon your space, but I must not be  
so groundlessly misunderstood.

Embroidery, Beading and Insertions

At phenomenally low prices. Some of these embroi-  
deries will actually be sold at less than a third of the  
normal value—not remnants or short lengths, but full  
pieces of first quality. No such opportunity has ever  
been offered by this store.

TUESDAY AT 35c

These goods are sold regularly at 50c to \$1.25 the yard.  
They are made on the finest cloth, in beautiful designs  
and the edges have buttonhole finish. 6 inches to 14  
inches wide. Choose among them at 35c the yard.

Venetian Suitings reduced from \$2.50

A finer cloth seldom passes over the Coulter counter—  
the weight, the finish, the sumptuous richness of the  
quality will appeal to every frugal woman who loves  
beautiful dress goods—width 52 inches—colors, three  
shades of grays, tan, mode, biscuit, brown, myrtle, ox-  
blood, garnet, etc. Most of the pieces were \$2.50 a  
yard up to closing time last Saturday night. A few  
pieces in the lot sold recently as low as \$2.00 the yard  
—all now \$1.45 yard.

Special Number Two.

25c

Dainty 35c Tissue Zephyrs.

There is virtue in good values—the Wash Goods busi-  
ness springs forward by leaps and bounds under the  
lash of lowered prices—two hundred and fifty pieces  
of the loveliest zephyr tissues go in this morning at  
10 cents a yard less than last week's price. Choice  
stripes, checks and plaids in sheer fine, lovely goods,  
32 inches broad by the tape, for waists, dresses and  
children's dresses.

Special Number Three.

It is more than possible that the proposed new athletic club will find the quarters it has sought so long. Nego-

ussions are now being conducted with W. H. Perry, the owner of the Los Angeles Theater building, the intention being to have another story added to the building to accommodate the club.

The fourth sitting of the Armory Duplicate Whist Club will take place next Thursday night, and the tournament will conclude with the sitting the following week.

The Turner Tigers and the Santa Monica team will play a league game of basket ball at Turner hall next Saturday night.

The local scattergun enthusiasts are making preparations to attend the second tournament of the Avalon Gun Club, which is to be held at Avalon next Friday and Saturday, April 18 and 19. Shooting begins on Friday at 2 o'clock, and on Saturday at 9 o'clock.

Last week was the Innings of the long shots at Oakland, more particularly on Wednesday, when Solino won his first start, opening at 100 to 1 and quickly played down to 30, at which price he went to the barrier. Flecknoc, at 30 to 1, was second, and Rubino, at 20, was third. Other races run on that day were characterized by the victories of rank outsiders. Knockings, at 10 to 1, won the first race, with Sir Claus, at 15 to 1, third; the second race was won

the favorite, but Clairnette, 100 to 1, was second. Inletus, at 12 to 1, was second in the third; Sharp Bird, at 15 to 1, was third in the fifth, while Larry Whit, 12 to 1, won the sixth. In every instance some horse that had won fast races in the forepart of the season, now about to close, was either virtually left at the post or made no effort to get away with the leaders. And yet they call that racing. Heaven save the mark. Contrast such

The eastern horses are being shipped away every day and the races are being left very largely to competition between the local stables, none of which have won much money of late, especially with their home-bred horses. There is no great interest taken in breeding in this State, outside of Haggin's big

arm at Sacramento and the Baldwin ranch in this county; and at the latter place they have only one really good milch cow, a Friesian, owned by William Milion, Amigo, to whom they have never given half a chance. The success of Amigo, when his opportunities are taken into consideration, has been wonderful. He resembles his great male ancestor, Stockwell, more than any other descendant of that line in America: and yet he has always been completely overshadowed by Emperor of Norfolk and two or three sons of Grin-

lead who are never likely to repeat their worthy sire's achievements in the stud. Outside of these two big farms, California is going backward as a breeding State, for Mr. Spreckels, in eight years' breeding experience, has turned out nothing but a few fair selling platens. He may do better with his two new English stallions, now

**Treating Men.**  
Announcements I frequently speak of my methods of treating men's diseases. In making I do not mean to imply that all diseases are treated alike, but that a general method of treatment that has proven scientifically correct is followed, and the remedies so chosen to meet the requirements of each individual case. For instance, in one case certain remedies may be indicated, while in another case most physicians would regard as identical, the treatment would fail completely. This

That disorder commonly known as 'weakness,' has for years and generations had the effect of driving the patient to this very day a majority of doctors are attempting to overcome it by methods that have been in constant use, and that have constantly failed for half a century. They do so by the system with powerful stimulants and tonics calculated to restore nervous force or strength that is not and never has been lacking, with a result that the functions are temporarily excited, but the positive detriment of the patient. Weakness, we will call it such for con-

venience just now, is only a symptom resulting from a chronically existing disease. It is curable by local treatment only. Either early dissection or some improperly treated contracted disease is responsible for the inflammation. In many instances, though, a few essential ligamentous strands are involved, the same result. I have permanently cured thousands of cases of prematurity, loss of power, etc., without the giving of a single needle or drop of medicine. I am the absolute accuracy of my understanding and treatment of the disorder. In years I have not met with a single failure, and I have entire confidence in my ability to cure all cases that come to my treatment. I am equally certain that no

I invite all afflicted men to consult me. For this I make no charge. Those who find it inconvenient to call, may write regarding their cases.

This was Gold Van's first victory, but also the first time that he has been as good as third, indicating clearly that he likes justice in the shorter races in which he has heretofore participated. The unexpected division of this race consisted of Hontion, Sylvia Talbot, Orfeo and George West, all good winners earlier in the season.

The stallion Indio, bred by the late S. G. Reed, at East San Gabriel, made

His appearance in a race at Oakland on Saturday, but died away when the final struggle came on. He was in the Maxim, which was the favorite in 1881, and has been in the stud at Mr. Corrihan's farm for the past four years. One of his progeny, Solonis, won a race at Oakland on Wednesday last, it being his very first appearance on any track. He did not have horses of any great class opposed to him, however.

One of those shot is said to be a noted outlaw. It is impossible to reach Briggs by wire tonight, and details are lacking.
